WHAT WE DO

Instantly add value to your business

OWAL extends the capabilities of existing systems with the best AI Technology. Reactive systems now become proactive. Your properties are not just better protected but better informed of the things that matter to each resident. Your customers will see instant value when you offer this service.

Made it simple to Deploy

Managing the surveillance systems from multiple vendors and buildings can get very complicated. OWAL eliminates the hassle, by providing a software platform that works with virtually any IP Based Surveillance Systems.

Affordable latest technology

OWAL instantly Modernizes IP Based Security Systems and at the same time created a solution that's specifically for the budget conscience building owner. Unlike similar solutions, OWAL's pricing is based on per camera, per feature, per month.

Create a new revenue Stream

OWAL's VAR (Value Added Reseller) Program pays a monthly commission for re-selling our service. Our service is a great way to re-engage with past customers or capture new customers that were thought to be unattainable.

REIMAGINING PRESENCE

OWAL's AI Surveillance solutions gives Security Personnel, Property Managers, and even the building's Marketing Professionals the ability to improve the security and usefulness of a residential or commercial building. Our SaaS solution integrates with almost any surveillance cameras system, including analog systems. OWAL's software instantly identifies unwanted actions or behaviors, then sends a real-time alert to management, so you can see the incident and take action immediately.

OWAL's scalable and affordable solution succeeds where others fail. Unlike other companies, we offer a simple turnkey solution that doesn't require large setup fees or annual contracts. Pricing is based on a per camera, per feature, per month basis.

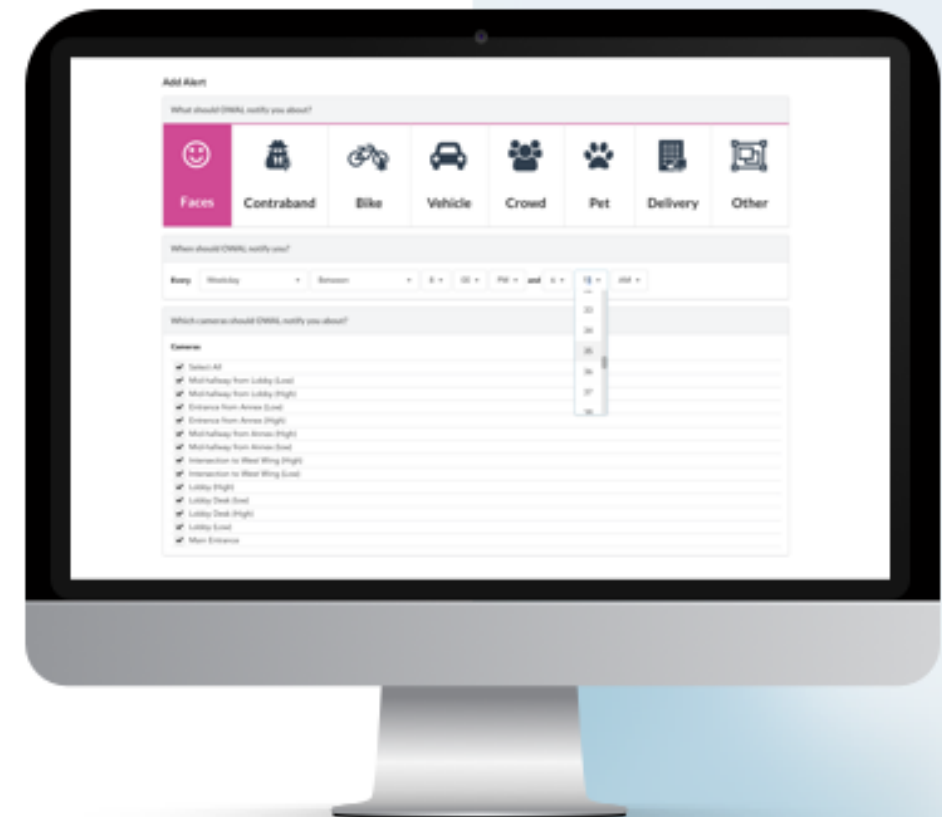

OWAL is revolutionizing surveillance. We welcome the opportunity to show you how we can instantly improve your security strategy.

AI SURVEILLANCE SOLUTIONS FOR RESIDENTIAL & COMMERCIAL PROPERTIES

OWAL makes it easy for you to stay in touch with your property. Alerts come to any device which allows you to view the incident in real time. Our intuitive management console and app provide you with easy setup, tracking, and analytics tools.

REAL TIME ALERTS & INSIGHTS THAT IMPROVE HOW YOU MANAGE YOUR SPACE

Feature rich alerts, Cloud Storage and Out-of-the Box Analytics will allow you to gather the needed insights to address the diverse needs of any property. Internal departments such as Security, Operations, Legal, Marketing, and Business Development can benefit from OWAL's service.
